

10MM SLIDING: FULL HEIGHT

10MM FRAMELESS SHOWER SCREEN

CIVIC | SHOWER SCREENS
& WARDROBES

The Civic Full Height Sliding Partition SV-Q110 delivers a premium combination of minimalist design and advanced engineering. Designed for frameless glass installations, the concealed track system creates a clean, architectural look with no visible rails or rollers, ideal for both residential and commercial spaces.

Key design factors covering:

- Performance • Maintenance • Value • Ease of Use
- Durability • Appearance • Safety • Construction

Manufactured to comply with Australian Standards AS1288 and AS2208, the 10mm Sliding Full Length Shower Screen combine premium materials with precision engineering for long-lasting reliability and refined design.

10MM SLIDING: FULL HEIGHT PARTITION

10MM FRAMELESS SHOWER SCREEN

10MM TOUGHENED SAFETY GLASS

Constructed from premium 10mm toughened safety glass, the Full Height Sliding Partition SV-Q110 system offers exceptional strength, clarity, and durability. The full-height frameless design maximises light and openness, while the concealed sliding mechanism ensures smooth, silent operation for a seamless user experience.

EXCEPTIONAL VALUE

Premium architectural design, advanced sliding technology, and proven durability deliver outstanding value for high-end residential and commercial applications.

AUSTRALIAN MADE

Proudly manufactured in Civic's Yatala QLD factory and installed by our professional team. A complete end-to-end solution ensuring precision, quality, and consistency.

FEATURES

- Frameless full-height sliding panels with concealed top track
- Smooth, silent sliding on precision ball-bearing rollers
- Adjustable SofTop damping brake for controlled opening and closing
- Anti-derailment system for enhanced safety and stability
- Supports panels up to 110kg for long-term performance
- Variety of configurations and applications
- Clean, minimalist aesthetic with no visible hardware

DESIGN FLEXIBILITY

Engineered for versatility, the SV-Q110 can be configured for wall-mounted, wall-to-wall, ceiling or false ceiling applications, with or without fixed panels. Designed to integrate seamlessly into bathrooms, interiors, and architectural spaces, it provides a tailored solution for modern environments.

INSTALLATION & MAINTENANCE

- Professionally installed by Civic's trained team for precise alignment and a flawless finish.
- The no-machining system simplifies installation and reduces handling risk.
- Minimal exposed hardware makes cleaning easy, simply wipe with a soft cloth and a 50/50 water and vinegar solution (see Civic Cleaning Guides).

SAFETY

All Civic Full Height Sliding Partitions comply with AS1288, AS2208, and AS3740.

Features include:

- 10mm toughened safety glass
- Concealed track system for smooth, stable operation
- NCC-accessible configuration
