NOTES

- Max Size 2m²/ 6mm Mirror Wall Mirrors Max per mirror is 2.7m²
- Mirrors by default are not sealed (caulked) to the surrounding walls / tiles
- Edge: flat, polished or bevelled. Polished is standard. Beveling requires additional lead time
- MirrorMax is produced using an advanced magnetron sputter coating process, creating a durable reflective finish with enhanced clarity and moisture resistance for long-term performance.
- Coloured Shaving Cabinets require extended lead time
- A Special Order refers to a non-standard product that is available by request. These items typically require a minimum order quantity, are subject to availability, and may incur additional costs and extended lead or processing times.
- See individual product guide on our website for specific information. civicscreens.com.au
