

10MM SLIDING: HYDRO

10MM FRAMELESS SHOWER SCREEN

CIVIC | SHOWER SCREENS
& WARDROBES

The Civic 10mm Hydro Sliding Shower Screen delivers a refined balance of style and functionality. Featuring a sleek round head rail with discreet internal rollers, Hydro creates a smooth, streamlined appearance while offering a practical, space-saving sliding system suited to both compact and spacious bathrooms.

Key design factors covering:

- Performance • Maintenance • Value • Ease of Use
- Durability • Appearance • Safety • Construction

Manufactured to comply with Australian Standards AS1288 and AS2208, the Hydro system combines high-quality materials with precision engineering for long-lasting reliability and modern design.

10MM SLIDING: HYDRO

10MM FRAMELESS SHOWER SCREEN

10MM TOUGHENED SAFETY GLASS

Constructed from premium 10mm toughened safety glass, the Hydro Sliding Shower Screen provides exceptional strength, clarity, and durability. The frameless design enhances natural light and openness, while the concealed roller system ensures smooth, quiet operation for everyday use.

EXCEPTIONAL VALUE

Premium design, smooth performance, and long-lasting durability at an attractive price point, making it ideal for homeowners, renovators, and builders seeking both functionality and style.

AUSTRALIAN MADE

Proudly manufactured in Civic's Yatala QLD factory, and installed by our professional team. A complete end-to-end solution ensuring quality, precision, and consistency.

FEATURES

- Frameless sliding design with round head rail
- Discreet internal rollers for smooth, quiet operation
- Space-saving sliding door system
- 10mm toughened safety glass manufactured to Australian Standards
- Custom-made to suit a wide range of bathroom layouts
- Suitable for shower enclosures and shower-over-bath applications
- Clean, streamlined aesthetic with minimal visual clutter

DESIGN FLEXIBILITY

Custom made to suit a variety of configurations, including wall-to-wall, corner, and floor-to-ceiling applications. Fixed panels can be incorporated at 90° or 180°, allowing Hydro to adapt seamlessly to both modern and traditional bathroom layouts.

INSTALLATION & MAINTENANCE

- Professionally installed by Civic's trained team for a flawless fit.
- Minimal framing reduces dirt build-up for easier cleaning. For best results, use a soft cloth with a 50/50 water and vinegar solution (see Civic Cleaning Guides).

SAFETY

All Civic 10mm Sliding Hydro Shower Screens comply with AS1288, AS2208, and AS3740.

Features include:

- 10mm toughened safety glass
- Frameless sliding design with concealed roller system
- Vertical and horizontal seals for effective water containment
- NCC-accessible configuration
